"Luck Bucks" In Grayling

Residents of Michigan's bigger cities have been going "daffy" over a new way to pick up a few extra dollars in late months. The scheme is called "Luck Bucks" and now the people of Crawford County and this area can have fun playing the game too.

The Clough Sport Shop has instituted the game with a little different twist. You receive merchandise credit instead of actual cash. You don't have to buy a thing, not even a paper. You just need the "lucky buck" with the lucky serial number on it. If you have it in your pocket or purse, just take it up to Clough's Sport Shop and buy \$10 in merchandise for it. There are absolutely no strings attached, if you have the "Luck Buck" you're the lucky winner. See the advertisement on page 3 of this issue.

Moms Week In Michigan

G. Mennen Williams, Governor of Michigan, has declared this week as Moms of America Week in Michigan by proclamation. Moms stand for Mothers of Men in Service. In observance of this week our Unit 32 of Frederic, Michigan, would like to give you a few facts about what our local group is doing.

On each and every national holiday and periodically throughout the year we send a gift to each of the boys from Frederic that are in the service at that time. We also send a gift to each veteran in the T. B. Sanatorium at Gaylord no matter where they are from. These gifts are of various things such as fruit, cooking equipment, stationery, shoes, etc. Each Christmas the boys in service are sent a year's subscription of the Avalanche so that they may keep up on the home news. To enable them to pay for these things they do for the boys the Moms do various things during the year to raise money such as giving suppers, bazaars, bake sales, etc.

As a special service to the community of Frederic the Moms have a Flower Fund to which each member contributes at each meeting. From this fund are purchased cards for those sick just out of or flowers or fruit for those who are in the hospital. Baby gifts for every new baby, wedding gifts for brides and groomers, sympathy cards, and funeral flowers. These things are done for everyone in Frederic not just Moms members. For families of the Moms, where there is the death, on the day of the funeral, the Moms provide and deliver to their home a completely cooked meal for as many people as the family wishes at whatever time they want it.

Because with just the mothers of service men, and women from Frederic—the group would be so small for the past several years the local group has allowed young women to join them as auxiliary members. These members pay the same dues but the dues remain in the local group, they have no voting power, and can not hold office, they just help the Moms to carry on their work of remembering the men and women who have fought for their country. Frederic Moms.

Grayling Womans Club First Annual Trade Show Draws 1,000 People

Shows Signs Of Growing In Scope

The First Annual Grayling Trade Show sponsored by the Grayling Womans Club and held last Saturday afternoon and evening is being termed "highly successful." Over 1,000 people visited the show during the hours of 2 P. M. to midnight and looked

over the many displays and booths. In all about 60 Grayling business houses and firms co-operated in the venture with about 45 booths in operation. There was everything to see from building materials to appliances; wearing apparel to groceries; dairy products to petroleum products and sporting equipment.

The small fry (and many, many adults) got a kick out of Smokey, the talking bear from the Conservation Department, the magician, Bugs Bunny and the fish pond. In the balcony was located Wilma's Coffee Shoppe which did a thriving business all during the show. A fish pond was also a busy spot.

The success of the venture has members of the sponsoring organization talking already about a newer, bigger and better show next year while a large number of local merchants are already planning for a more attractive booth next year with more goods displayed.

The new construction which probably will not begin until approximately 1 July of this year, will include five enlisted bath latrines, six enlisted messhalls, two officer bath latrines, two officer messhalls, and a camp hospital.

Half of the new buildings will be constructed in a new area being developed for the 107th Med. Bn. immediately south of the old stone messhall on the reservation. Remainder of the buildings will be constructed in the 125th, 126th, Division Hill, and 48th hDiv Arty areas.

Plans are being prepared now and it is hoped that bids will be taken on the new Camp Grayling construction around 1 July. It is expected that the new buildings will be ready for use by the time 1955 field training rolls around. Preliminary plans call for construction of three enlisted bath latrines, each having 760 square feet of floor space; one officer bath latrine, 520 square feet of floor space; three enlisted messhalls; and a camp hospital, 40' x 130', for the 107th Med. It's Unbelievable

Some years ago, when nuclear weapons were new and infinitely less destructive than those of today, the fear was often expressed that it might be possible to actually explode that part of the universe in which we live. The weight of scientific opinion was, and is, against that incredible concept. But progress—if that is the proper word for it—in nuclear development for war seems to have reached a point that few if any of us anticipated even a relatively short time back. The top physicists themselves have been surprised.

The March 1st test in the Pacific astonished the world. Secretary of Defense Wilson described it as "unbelievable" and said that the full details, which have not been made public, would "scare anybody." Chairman Strauss of the Atomic Energy Commission, speaking with Presidential authorization at a White House press conference, said that the blast was about double the expected size, but that it was never out of control and that the error made in prior calculations was "not incompatible with a totally new weapon."

How big was the blast? According to Time, "The test... makes all its predecessors, including the 1952 shot, look like a string of one-inch salutes. The force of the explosion probably exceeded ten megatons (500 Hiroshimas). It sent a radioactive cloud billowing to a height that may have exceeded 20 miles." Admiral Strauss also helped answer that question. He said the H-bomb can be made "as large as you wish... large enough to destroy any city." Asked specifically if this means that one of the bombs could destroy New York City, he said, "The metropolitan area, yes." He denied, however, the rumors that an island or a group of islands had been destroyed in either the March 1 or March 26 tests, adding, "It would be more accurate to

say a large sandpit or reef."

The most immediate repercussions came from Japan. Radioactive dust fell there, and a number of Japanese fishermen, whose trawler was not seen in the search made before the explosion, were injured. Some Japanese spokesmen demanded that the tests be stopped. But there seems to be small chance of that happening—they will go on, regardless of any criticism, so long as the world is in its present unhappy state of cold and hot conflict.

CARD OF THANKS

Grayling Takes Part In Senior Government Day

I wish to thank the doctors, Sisters and nurses of Mercy Hospital and all other personnel for the splendid care and thoughtfulness extended to me while I was a patient at the hospital. I also wish to thank my friends who sent flowers, gifts and cards and those who called.

Other discussion groups included Law Enforcement, Roads, Taxation and Conservation. The Fredrick seniors participated in the latter discussion with Harold Mertens acting as leader and Barbara Johnson as co-leader.

Those aiding in the discussion groups were State, County and Local officers. The State group was led by State Treasurer D. H. Blake. Others were Clarence E. Paddock of the Municipal Finance Commission, Peter Engardio of the Auditor General's Dept., Mrs. Jane Holliday of the Dept. of Revenue, Harry F. Calvary Baptist Church News

Sunday School attendance reached a high of 91 this week, resulting in a full auditorium for both Sunday School and morning worship. There were 51 Bibles. Rev. Luther's class all had their Bibles present.

The Junior Boys class is now in charge of Bob Niederer. A Sunday School Teacher's Business meeting was scheduled for Tuesday evening. Some of the classes are getting so large that divisions are necessary, which also creates a need for teachers and class rooms.

Saturday evening a good sized group from the church went to Kingsley to a youth rally. The speaker at this meeting was Joseph Zelklo, a converted Catholic priest. He gave his testimony and told how he was led to change his belief. Among the many other interesting things he told, were his intention to return to his native country, Italy, to preach the Gospel. He came to America from Italy in 1939.

We had several visitors this week. Among them were a family from Higgins Lake, and Johnsons from Bay City.

THE CALVARY BAPTIST MISSIONARY

The Calvary Baptist Missionary Group held the regular monthly meeting at the home of Mrs. Roy McEvers on Tuesday evening. Mrs. Ted McEvers acted as co-hostess. There were fourteen ladies present. During the regular business meeting plans were made to have a work day on Thursday afternoon, starting at 1 o'clock, April 29, at the home of Mrs. Jerry McEvers. Sewing and mending will be the order of the day to honor the John Aseltine family of W. Hamston, Michigan who will soon return to their missionary work with the Arabs. A special offering will also be taken and turned over in full to the Aseltine family. All members and interested parties are urged to attend. Good used clean children's clothing is most welcome. Plans were also made to welcome the mothers on their day, May 9. There will be special music, singing, and a gift for the oldest, youngest and the mother with the most children present.

The meeting was opened by prayer from Mrs. Hollie Luter and Mrs. Rhode ask the Lord's blessing on a lovely lunch that was enjoyed by all. All ladies interested in missionary work are most welcome to all of our meetings.

Sealed bids for the purchase of general obligation bonds to be issued by School District No. 1, Township of Grayling, County of Crawford, Michigan, of the par value of \$202,000.00, will be received by the undersigned at the high school, Grayling, Michigan, on Thursday, the 29th day of April, 1954, until 8:00 o'clock P. M., Eastern Standard Time, at which time and place said bids will be publicly opened and read.

Said bonds will be dated May 1, 1954, will be coupon bonds in the denomination of \$1,000.00 each, will be numbered consecutively in the direct order of their maturities from 1 to 292, inclusive, will bear interest from their date at a rate or rates not exceeding four (4%) per cent per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable March 1, 1955, and semi-annually thereafter on September 1st and March 1st of each year, both principal and interest to be payable at a bank or trust company to be designated by the purchaser of the bonds. Said interest rate for each coupon period on any one bond shall be at the rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:

\$10,000.00	September 1st of each of the years 1955 and 1956;
\$12,000.00	September 1, 1957;
\$15,000.00	September 1st of each year from 1958 to 1965, inclusive;
\$20,000.00	September 1st of each year from 1966 to 1972, inclusive.

Bonds of this issue numbered 1 to 122, inclusive, maturing in the years 1955 to 1963, inclusive, shall not be subject to redemption prior to maturity.

Bonds numbered 123 to 292, inclusive, maturing in the years 1964 to 1972, inclusive, may be redeemed prior to maturity, at the option of the District, in inverse numerical order, on any interest payment date in or after September 1, 1958.

Bonds called for redemption as above provided, shall be redeemed at par and accrued interest plus a premium as follows:

\$30.00 on each bond called for redemption prior to September 1, 1960;

\$20.00 on each bond called for redemption on or after September 1, 1960, but prior to September 1, 1963;

\$15.00 on each bond called for redemption on or after September 1, 1963, but prior to September 1, 1966;

\$10.00 on each bond called for redemption on or after September 1, 1966, but prior to maturity of the bond.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication not less than thirty days prior to the date fixed for redemption at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payments on bonds so called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the School District has money available for such redemption with the paying agent.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from May 1, 1954, to their maturity and de-

ducting therefrom any premium. The bonds whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The said bonds are payable from ad valorem taxes subject to such limitation on said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in the amount of \$6,000.00 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guaranty of good faith on the part of the bidder to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller Canfield, Paddock and Stone, attorneys of Detroit, Michigan, which opinion will be furnished without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds".

Calvary Baptist
Church News

Sunday school attendance was down to 81 Sunday with 43 Bibles. Mrs. Niederer's class of 28 was the largest. Mrs. Underwood's class all had their Bibles again.

Sheila Ryan and Mrs. Bob Niederer had birthdays the past week.

We were very happy to have Mrs. Ed Sturdivant and her family in Sunday school.

Bob Niederer did a very commendable job leading the singing and opening exercises in Sunday School this week. We expect Bob will be our regular director for that phase of the Sunday school and rejoice that the young people are willing to share the responsibilities of the Lord's work.

Oscar Borchers led the adult group in a discussion during the Sunday school lesson period in the absence of Jerry McEvers.

Bro. Luter brought a very heart stirring message during morning worship, stressing the vast importance of the resurrection. The main text was taken from Matthew 29, where the record is given of Christ's victory over the tomb.

His challenge for us to go and tell all people and nations.

In the Sunday school teachers' meeting Tuesday evening, the immediate need for class rooms, teachers and more and smaller classes was discussed. As soon as materials for the movable partitions can be obtained and installed the addition on the basement will be used as four class rooms. Three new classes will be added, and one former class omitted. New teachers expected to be on the staff are: Mrs. Bob Niederer, Mrs. Jerry McEvers, Sue Borchers and Pearl Leverton. Mrs. Fred Niederer will be teaching a different group also. Mrs. Underwood plans to assist in Junior Church rather than teach a class. It is indefinite at present, who will take the office of Sunday School secretary. Plans are underway for further additions on the church. More room is becoming a greater necessity by the day.

Special numbers for the morning worship Easter service were a solo by Bob Luter, and a trio by Mrs. Rolly Hummel, Oscar and Sue Borchers.

Letters To The
Editor

April 12, 1954.

Mr. John H. Peterson, Chairman Crawford County Chapter, NFIP Grayling, Michigan.

Dear John:

Please excuse my delay in answering your previous letter on the campaign and also the request for advance which we have received in this office and forwarded on to National Headquarters.

Because of the field trials I have found it impossible to meet with any of the chapter or campaign people in Northern Michigan recently. However, I expect to be able soon to call upon you and I will notify you in order that we may get together with Carol Wert and other members of the chapter.

With regard to the request for advance, we have added on an estimate of chapter requirements for the next three months and I hope that New York will send this in the full amount. I will let you know when I hear from headquarters on this matter.

The campaign in Crawford County was very wonderful and Carol Wert, yourself and all of the campaign workers are to be commended for this magnificent campaign. In checking with the other State Representatives in Michigan and throughout the region, I find that Crawford County will probably be the number two county in the mid west in per capita contributions and certainly with a 100% increase over last year one of the top counties.

If there is anything that we may do for you from this office please write and let us know.

Sincerely yours,

Jon W. Dahl.

From where I sit... by Joe Marsh

So They Stopped Baiting Each Other

If you want to hear a real hassle, listen to Cob James and Whitey Baker on trout fishing sometime. You'd think it was more important than anything.

Cob favors dry flies. Whitey poob-poos anything but wet flies. Cob swears by a Fan-Wing Royal Coachman; Whitey won't hear of anything but Silver Doctor. And so it goes—they can't even get together on steel rods versus bamboo rods.

But on Saturday, each got back from Fox Creek with a catch that couldn't have differed by more

than a couple of ounces! Then over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, life would be a whole lot pleasanter if we all respected one another's opinions—whether about trout flies, or having a glass of beer, or voting. After all, a person has a right to follow his own line of thinking.

L. N. L. Celebrates 39th Anniversary

Recently Camp Wagner No. 10, L. N. L. celebrated its 39th anniversary at the Grange Hall with some thirty-five members and guests attending a 6:30 dinner.

Tables were very prettily decorated in the patriotic theme.

Following the dinner the evening past time was cards. Pinchle was played with the high scores being won by Ed Cooper and Pearl Mathews. Low prizes were won by Marge Leslie and Paul Feldhauser. The penny prize was won by Mrs. Frank Serven.

The beautifully decorated anniversary cake made to represent an Easter basket was the art of Mrs. Warren Hatfield.

All left looking forward to the 40th anniversary next year.
